

Student Teachers:

Student teachers for 2020-21 must apply for their “Pre-Service” Teaching License (**PST**) in the ELMS system with the Mississippi Department of Education. This is not your standard-renewable license that you will apply for after graduation.

Follow the link below to create an account in ELMS.

<https://www.mdek12.org/OEL>

Click on “Go to ELMS Account”

You ARE considered a Mississippi EDUCATOR and will setup your account accordingly; you will recognize this as a prompt from beginning. Follow the User Manual guidelines for assistance in creating your account AND applying for your PST license. [MANUAL](#)

Note: If ELMS states it “does not recognize” you and you are not able to create an account, you may email Whitney Webb at whitdt@olemiss.edu
